

The business and climate actions

The Icelandic business sector has achieved considerable environmental progress by setting up and following clear climate related targets, e.g., on reducing ghg emission.

At the Climate forum we will discuss the progress and the way ahead

Thursday 13th September from 10:30-12:30 (A+B)

Chair: *Auður Ö. Magnúsdóttir*, Landvernd

Katrín Jakobsdóttir, Prime Minister of Iceland

Halldór Þorgeirsson, Icelandic Climate council

Barron Orr, UNCCD

Ketill B. Magnússon, Festa – CSR

SA Confederation of Icelandic Enterprise:

Páll Erland, Federation of Energy and Utility Companies

Katrín Júlíusdóttir, Icelandic Financial Services Association

Andrés Magnússon, Federation of Trade and Services

Jóhannes Þ. Skúlason, Icelandic Travel Industry Association

Heiðrún L. Marteinsdóttir, Fisheries Iceland

Guðný C. Aradóttir, IKEA

Panel discussion

We all need to join forces to reduce ghg emissions; including emissions related to land-use.

The Climate Forum will link together people from businesses, science and policy making to discuss this pressing environmental issue.
